Unless expressly exempted by statute, the Act requires State departments to pay properly submitted, undisputed invoices not more than forty- five (45) days after the date of acceptance of goods, performance of services, or receipt of an undisputed invoice, whichever is later.

B. CAL-Card Use

State departments may use the CAL-Card for the payment of invoices. Use of the CAL-Card requires the execution of Purchasing Authority Purchase Order (Std. 65) as referenced in Article 16 (Purchase Execution) and must include all required documentation applicable to the purchase.

The CAL-Card is a payment mechanism, not a procurement approach and, therefore, does not relieve departments from adhering to all procurement laws, regulations, policies, procedures, and best practices, including those discussed in the State Contracting Manual (SCM) Volumes, 1, 2, and 3. This includes but is not limited to the application of all sales and use tax laws, rules and policies as applicable to the purchase.

C. State Financial Marketplace

The State reserves the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS \$Mart and/or Lease \$Mart). If payment is via the financial marketplace, the Supplier will invoice the State and the State will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the supplier on behalf of the State.

D. Payee Data Record

Each State accounting office must have a copy of the Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of the Std. 204 to their accounting office(s). Without the Std. 204, payment may be unnecessarily delayed. State departments should contact the Contractor for copies of the Payee Data Record.

37. CAL-CARD INVOICING

All CAL-Card invoices are to be processed separately from other payment methods and include the elements identified in Article 35, Invoicing. CAL-Card invoices shall be submitted to the CAL-Card account holder. The total invoice amount for each CAL-Card order must reflect a zero balance due or credit, if applicable, and state "paid by CAL-Card".
